

## Technical Data Sheet

# Wildfire Seed Mix #3™

## Description & Specifications

### Wildfire Seed Mix #3

This mixture contains fast establishing, reseeding annual legumes and wildflowers.

**70% *Trifolium hirtum* / Hykon Rose Clover:** Popular for erosion control on roadsides. Grows up to 16 inches high on poor soils. Excellent drought tolerance.

**15% *Dimorphotheca aurantiaca* / African Daisy:** Popular for winter and spring color. Quick establishing. Reseeds.

**7% *Lupinus succulentus* / Arroyo Lupine, 7% *Eschscholzia californica* / California Poppy & 1% *Papaver rhoeas* / Shirley Poppy:** Popular native wildflowers add winter and spring color as well as soil binding properties.

## Uses

**Wildfire Seed Mix #3** This mixture provides Recommended by the County of San Diego Department of Agriculture for burn areas near the home, on previously landscaped areas and as a cover crop for larger shrubs and trees.

For Natural areas without irrigation, seed during fall and winter in advance of rains. Can be established anytime with irrigation. Perennial grasses can stay green in summer months if occasionally irrigated. Results are best if seed is covered with 1/2 inch of soil. Seeding rates should be increased if soil coverage is difficult or impossible

## Seeding Rates

Recommended seeding rate for this mixture is 10 Lbs per Acre or 4 ounces per 1,000 square feet
