## Botanical Side Trips: Enjoying Mother Nature's Color Show

Visit an open space area or a botanical garden near you. Every season, and every region has something to offer. Some of the first plants to show color in Spring are found in the following environments:

### Coastal

- Encelia californica / Bush Sunflower
- Lotus scoparius / Deer Weed
- Eschscholtzia californica / California Poppy
- Lupine

**For more information see:**

- www.stoverseed.com/itemsheet.cfm?ic=LOSCO
- www.stoverseed.com/itemsheet.cfm?ic=ESCAL

### Inland

- Encelia farenosa / Brittle Bush
- Lasthenia californica / Goldfields
- Eschscholtzia californica ssp mexicana / Desert California Poppy
- Lupine

**For more information see:**
